

Dr. JULIUS ONYANGO OCHUODHO (PhD)

PhD in Plant Science (Seed Physiology), University Of Natal, South Africa and six-month post-doctoral research, Msc. in Plant Pathology from the University of Nairobi, Bsc. in Agriculture from University of Nairobi., Post Graduate Diploma in Seed Pathology from DGISP, Copenhagen-Denmark, Certificate in Seed Production and Seed Technology from IAC, Wageningen-Holland.

DEAN, SCHOOL OF AGRICULTURE AND BIOTECHNOLOGY

Senior Lecturer

Moi University, School of Agriculture and Biotechnology, Chepkoilel Campus, P.O. Box 1125-30100 Eldoret, Kenya. TEL: Office: 254 203551308; House: 254 202399333; Cell: 254 721871817
E-MAIL: juliusochuodho@yahoo.com or seedtechjo@hotmail.com

Dr. JO Ochuodho is the current Dean of School of Agriculture and Biotechnology. He is a senior lecturer in the Department of Seed, Crops and Horticultural Sciences lecturing in Seed science and technology, crop production and seed/plant pathology at Moi University as well as assisting students with practicals in Advanced seed technology and Biometry at the University of Natal. His areas of specialisation are Seed Science and Technology and Seed/Plant Pathology. He has research interests in Seed certification and Seed pathology, Plant pathology, Crop production, Seed physiology (dormancy, germination and quality) and Molecular biology.

Dr Ochuodho has served as the Departmental Curriculum development and review committee chairman and assisted the Head of Department of Crop Production and Seed Technology at Moi University. He is an active member of the Departmental Research committee. He also served as the Deputy Centre Director for 5 years and acted Director for one year (1994) at NSQCS Lanet, a KARI centre in charge of seed certification and quality control, the precursor of KEPHIS. He served as a Board member of Central Agricultural advisory board of the Ministry of Agriculture between 1993 and 1997 having been appointed by the then Minister Hon. Simeon Nyachae. He was a member of team that revised The Seed and Plant Varieties ACT/Seed Regulations (1991). Dr Ochoudho won an international consultancy to analyze and reorganize the seed industry in Rwanda for one year in 2007. He is currently a member of American Plant Pathology Society, Plant Pathology Society of Kenya and the Horticultural Association of Kenya. He is a reviewer of the Journal of Plant Physiology and Biochemistry, Journal of Scientia Horticulturae and the East African Agricultural and Forestry Journal.
